XIX.	Information Technology Professionals in Health Care	81-82
XX.	Electronic Health Records Incentives for Eligible Professionals	82
XXI.	Electronic Health Records Incentives for Eligible Acute Care Hospitals	82

**DEPARTMENT OF AGRICULTURE, RURAL DEVELOPMENT, FOOD AND
DRUG ADMINISTRATION**

I. **Distance Learning, Telemedicine and Broadband Program**

To support grants, loans and loan guarantees for broadband infrastructure through the Department of Agriculture's Rural Utilities Service (RUS) broadband loan program

Funding: \$2.5 billion in grants, loans, and loan guarantees

Oversight: Secretary of Agriculture

Eligibility: Eligibility of the RUS Broadband Loan Program apply

- For RUS broadband loan and loan guarantees, legally organized entities providing or proposing to provide broadband service in eligible rural communities, as defined by the RUS rules, are eligible
- For RUS broadband grants, legally organized entities and State or local governments who have the legal capacity and authority to own and operate broadband facilities are eligible

Additional Criteria:

- At least 75 percent of the areas targeted for funding must be rural and without sufficient access to high speed broadband service in order to facilitate rural economic development, as determined by the Secretary of Agriculture

II. National Resources Conservation Service (NRCS), Watershed and Flood Prevention Operations Program

To purchase and restore floodplain easements and investment in both structural and non-structural watershed infrastructure improvements

Funding: \$290 million in loans

Oversight: NRCS

Eligibility: Sponsoring local organizations of authorized watershed projects

- "Local organization" means any State, political subdivision thereof, soil or water conservation district, flood prevention or control district, or combinations thereof, or any other agency having authority under State law to carry out, maintain and operate the works of improvement; or any irrigation or reservoir company, water users' association, or similar organization having such authority and not being operated for profit that may be approved by the Secretary; or any Indian tribe or tribal organization having authority under Federal, State, or Indian tribal law to carry out, maintain, and operate the works of improvement

III. NRCS, Watershed Rehabilitation Program

To rehabilitate aging flood control infrastructure

Funding: \$50 million in loans

Oversight: NRCS

Eligibility: Sponsoring local organizations of authorized watershed projects

- Local organization means any State, political subdivision thereof, soil or water conservation district, flood prevention or control district, or combinations thereof, or any other agency having authority under State law to carry out, maintain and operate the works of improvement; or any irrigation or reservoir company, water users' association, or similar organization having such authority and not being operated for profit that may be approved by the Secretary; or any Indian tribe or tribal organization having authority under Federal, State, or Indian tribal law to carry out, maintain, and operate the works of improvement

Additional Criteria:

- Priority to projects that are at greatest risk of failure and present threats to public safety
- Priority to projects that that can obligate and expend funds cost effectively and quickly
- NRCS must fully fund the cost of completing rehabilitation projects initiated with the funding allocated

IV. Forest Service, Capital Improvements and Maintenance

To provide funding for reconstruction, capital improvement, decommissioning and maintenance of forest roads, bridges and trails including related watershed restoration ecosystem enhancements projects and for remediation of abandoned mine sites, removal of fish passage barriers, and other critical habitat, forest improvements and watershed enhancement projects

Funding:	\$650 million in project grants
Oversight:	Forest Service
Eligibility:	States and U.S. territories

V. Wildland Fire Management

To provide funding for hazardous fuels reduction, forest health protection, rehabilitation and hazard mitigation activities on Federal land including hazardous fuel reduction, forest health and ecosystem improvements

Funding: \$500 million in project grants

Oversight: Forest Service

Eligibility: State and local governments

Additional Criteria:

- \$50 million must be used to make wood-to-energy grants to promote increased utilization of biomass from Federal, State and private lands
- Funds provided for activities on State and private lands shall not be subject to matching or cost share requirements

VI. Farm Service Agency

To provide funding for salaries and expenses to maintain and modernize the information and technology system

Funding: \$50 million in appropriations and transfers from the CCC export credit guarantees, Public Law 480 loans, and agricultural credit insurance fund program accounts, and miscellaneous advances from other sources

Oversight: Farm Service Agency

Eligibility: FSA, program administration

VII. RUS, Rural Water and Waste Disposal Program

To provide funding for rural waste, waste water and waste disposal programs to support \$3.788 billion in loans and grants for water and waste disposal facilities in rural areas

Funding: \$1.38 billion in new budget authority through direct loans and grants

Oversight: RUS

Eligibility: Public entities such as municipalities, counties, special-purpose districts, Indian tribes, and corporations not operated for profit

Additional Criteria:

- \$2.82 billion for direct loans
- \$986 million for grants

VIII. Rural Housing Insurance Fund Program

To support the principal amount of direct and guaranteed loans as authorized by title V of the Housing Act of 1949 to be available from funds in the Rural Housing Insurance Fund

Funding: \$200 million in direct and guaranteed loans

Oversight: Rural Housing Service

Eligibility:

- Rental housing insured loans
- Farm owner or to a public or private nonprofit organization
- Farm labor housing insured loans
- Individuals, corporations, associations, trusts, or partnerships

Additional Criteria:

- Loan programs are limited to rural areas which include towns, villages, and other places of not more than 10,000 people, which are not part of an urban area.
- \$1 billion for direct single family housing loans
- Additional \$67 million for direct loans, including modifying loans under Section 502 of the Congressional Budget Act
- \$10.472 billion for guaranteed single family housing loans

- Additional \$133 million for Section 502 unsubsidized guaranteed loans

IX. Rural Community Facilities Program

To support \$1.234 billion in loans and grants authorized by Section 381E(d)(1) of the Consolidated Farm and Rural Development Act for rural community facilities including hospitals, health clinics, health and safety vehicles and equipment, public buildings, and child and elder care facilities

Funding: \$130 million in loans and block grants
Oversight: Rural Housing Service
Eligibility: Multi-State, regional, private, non-profit 501(c)(3) tax-exempt organizations

Additional Criteria:

- \$1.171 billion for direct community facility loans
- \$63 million for community facility grants

X. Rural Business Program

To support \$3.01 billion in rural business loans and grants authorized by Section 310B(a)(2)(A) and 310B(c) of the Consolidated Farm and Rural Development Act

Funding: \$150 million in new Budget Authority in loans and grants
Oversight: Rural Business – Cooperative Service
Eligibility: Public bodies and private nonprofit corporations
- Including eligible nonprofit entity, or other tax-exempt organization, with a principal office in an area that is located on land of an existing or former Native American reservation and in a city, town, or unincorporated area that has a population of not more than 5,000 inhabitants

Additional Criteria:

- \$2.99 billion for guaranteed and industry loans
- \$20 million for rural business enterprise grants

XI. USDA Buildings & Facilities and Rental Payments

To provide funding for construction, repair and improvement of the Department of Agriculture's headquarters buildings and facilities

Funding: \$24 million in funds directed to agency

Oversight: Secretary of Agriculture

XII. USDA Research Service, Buildings and Facilities

To provide funding for maintenance of the USDA's laboratory and research infrastructure

Funding: \$176 million

Oversight: Secretary of Agriculture

Additional Criteria:

- Priority in use of these funds will be given to critical deferred maintenance
- Priority given to projects that can be completed
- Priority given to activities that can commence promptly following enactment of the Act

XIII. Office of Inspector General (OIG)

To provide funding for oversight and audit functions of programs, grants and activities funded by this Act and administered by USDA, including \$7.5 million for the U.S. Forest Service

Funding: \$22.5 million in funds directed to office

Oversight: OIG

XIV. National School Lunch Program

To provide funding for the National School Lunch Program under the Richard B. Russell National School Lunch Act, except Section 21, and the Child Nutrition Act of 1966, except Sections 17 and 21 to carry out a grant program for the National School Lunch Program equipment assistance

Funding: \$100 million in competitive grants

Oversight: States

Eligibility: Public and non-profit private schools and residential child care institutions

Additional Criteria:

- Funds must be provided in proportion to each State's administrative expense allocation
- States must provide competitive grants to school food authorities based on the need for equipment assistance in participating schools Priority given to schools in which 50 percent or more of the students are eligible for free or reduced price meals under the National School Lunch Program

XV. Nutrition Program for Women, Infants and Children (WIC)

To provide additional funding for the Special Supplemental Nutrition Program authorized by Section 17 of the Child Nutrition Act of 1966

Funding: \$500 million in federal grant program

Oversight: Secretary of Agriculture

Eligible Applicants: -Local agency

- A public or private, nonprofit health or human service agency which provides health services, either directly or through contract
- an Indian Health Service (IHS)
- an Indian tribe, band or group recognized by the Department of the Interior which operates a health clinic or is provided health services by an IHS unit or an intertribal council or group that is an authorized representative of Indian tribes, bands or groups recognized by the Department of the Interior, which operates a health clinic or is provided health services by an IHS service unit

Additional Criteria:

- \$400 million to be placed in reserve to be allocated as deemed necessary by the USDA Secretary, notwithstanding Section 17(i) of the Child Nutrition Act of 1966
- \$100 million for purposes specified in Section 17(h)(10)(B)(ii)

XVI. Commodity Assistance Program

To provide funding for the emergency food assistance program as authorized by Section 27(a) of the Food and Nutrition Act of 2008 and Section 204(a)(1) of the Emergency Food Assistance Act of 1983

- Funding:** \$150 million in federal grants to states
- Oversight:** Secretary of Agriculture
- Eligibility:** State distributing agencies
- Distributing to public or private nonprofit organizations that provide food and nutrition assistance to the needy
 - Households that meet State eligibility criteria

Additional Criteria:

- Secretary may use up to \$50 million for costs associated with the distribution of commodities
- \$25 million must be available in Fiscal Year 2009

XVII. Supplemental Nutrition Assistance Program

To provide funding for food purchases under the Supplemental Nutrition Assistance Program (Food Stamp Program), to increase benefits under this program, and to supplement the costs relating to facility improvements and equipment upgrades associated with the Food Distribution Program on Indian Reservations as established under Section 4(b) of the Food and Nutrition Act of 2008

Funding: Estimated cost is \$4.9 billion for Fiscal Year 2009; administrative expenses detailed below in benefits and block grants

Oversight: Secretary of Agriculture

Eligibility: States

Additional Criteria:

- Supplemental Nutrition Assistance Program
 - \$145 million for State administrative expenses for Fiscal Year 2009, to be made available within 60 days of enactment of the Act
 - \$150 million for State administrative expenses for Fiscal Year 2010
 - \$4.5 million for Secretary oversight and management
- Food Distribution Program on Indian Reservations
 - \$5 million for facility improvements and equipment upgrades associated with the Food Distribution Program on Indian Reservations

- Administrative costs sharing requirements are not applicable to funds provided in accordance with this provision

XVIII. Agriculture Disaster Assistance Transition, Farm Operating Loans

To provide the principal amount of direct farm operating loans under Section 311 of the Consolidated Farm and Rural Development Act

Funding: \$193.807 million in loans

Oversight: Secretary of Agriculture

Eligibility: Eligible producers under the Consolidated Farm and Rural Development Act

-Farmers and ranchers in the U.S., and farm cooperatives and private domestic corporations, partnerships, joint operations, trusts, and limited liability companies that are controlled by farmers and ranchers and engaged primarily and directly in farming or ranching in the U.S., subject to certain conditions

Additional Criteria:

- \$193.807 million for direct farm operating loan program
- Additional \$20.44 million for direct farm operating loan program, including modifying the loan

XIX. Aquaculture Assistance

To assist eligible aquaculture producers for losses associated with the high feed input costs during the 2008 calendar year

Funding: \$50 million in grants

Oversight: Secretary of Agriculture

Eligibility: States, eligible aquaculture producers
-Aquaculture is the business of farming aquatic plants and animals

Additional Criteria:
- "Eligible aquaculture producers" means an aquaculture producer that during the 2008 calendar year, as determined by the Secretary, produced an aquaculture species for which feed costs represented a substantial percentage of the input costs of the aquaculture operation and experienced a substantial price increase in feed costs above the previous 5-year average

DEPARTMENT OF COMMERCE

I. Economic Development Assistance Programs

To leverage private investment, stimulate employment and increase incomes in economically distressed communities

Funding: \$150 million, with \$50 million for economic adjustment assistance. Applicants submit an Investment Assistance proposal. Proposals are accepted on a competitive and continuing basis

Oversight: Economic Development Administration (EDA)

Eligibility: EDA considers "eligible applicants" to be a city or political subdivision of a State, State, public or private non-profit organization or association, district organization, Indian tribe or consortium of Indian tribes, private individual or for-profit organization

Additional Criteria:

- Priority consideration given to areas that experienced sudden and severe economic dislocation and job loss due to corporate restructuring
- Up to \$50 million of funds may be transferred to federally authorized regional economic development commissions
- Under EDA, project must be in a regional is subject to distress criteria:
 - An unemployment rate that is at least one percentage point greater than national average unemployment rate
 - Per capita income that is 80 percent or less of the national average per capita income; or a special need, as determined by the Economic Development Administration

II. Periodic Censuses and Programs

To ensure a successful decennial for hiring additional personnel, to provide required training, increase targeted media purchases, and improve management of operational and programmatic risks

Funding: \$1 billion

Oversight: Bureau of Census

Eligibility: To be determined

Additional Criteria:

- \$250 million of which shall be provided for partnership and outreach efforts to minority communities and hard-to-reach populations

III. Digital-To-Analog Converter Box Program

To provide additional implementation and administration of the Digital-to-analog converter box coupon program, including additional coupons to

meet new projected demands and consumer support, outreach and administration

Funding: \$650 million, with \$90 million toward education and outreach to organizations for programs to educate vulnerable populations, senior citizens, minority communities, people with disabilities, low-income individuals and people living in rural areas, about the transition and to provide one-on-one assistance for converter box installation. Coupons to be mailed directly to applicants' home. Education and outreach fund allocation to be determined

Oversight: National Telecommunications and Information Administration

Eligibility: General public

Special Criteria:

- Amounts may be transferred to the Federal Communications Commission if the Secretary of Commerce, in consultation with the FCC, deems it necessary and appropriate, and only if the House and Senate Appropriations Committees are notified up to 5 days in advance of the fund transfer

NATIONAL INSTITUTE OF STANDARDS AND TECHNOLOGY (NIST)

I. Scientific and Technical Research Services

To provide funding for NIST's in-house research and development effort, competitive grants, additional research fellowships and advanced research and measurement equipment and supplies

Funding: \$220 million, plus \$20 million transfer from the Health Information Technology (HIT) initiative at the Department of

Health and Human Services for HIT activities through competitive grants

Oversight: National Institute of Standards and Technology

Eligibility: To be determined, but likely to be U.S. businesses and industries that assist NIST in cooperative research

Additional Criteria:

- Of the HIT funds, NIST is directed to create and test standards related to health security and interoperability in conjunction with partners at the Department of Health and Human Services

II. Construction of Research Facilities

To address National Institute of Standards and Technology (NIST) backlog of maintenance and renovation for construction of new facilities and laboratories

Funding: \$360 million through competitive grants for \$180 million for research science buildings

Oversight: National Institute of Standards and Technology

Eligibility: Institutions of higher education and nonprofit organizations are eligible to apply for grants under NIST's Technology Construction Grant Program

Additional Criteria:

- The \$180 million for competitive construction grant programs for research science buildings shall include Fiscal Year 2008 and 2009 competitions
- For purposes of the construction grant program, NIST defines "research science building" as a building or facility whose purpose is to conduct scientific research, including

laboratories, test facilities, measurement facilities and/or observatories

- Competitive grants are awarded based upon published evaluation criteria

NATIONAL OCEANIC AND ATMOSPHERIC ADMINISTRATION (NOAA)

I. Operations, Research and Facilities

To provide funding for NOAA operations, research and facilities to address backlog of research, restoration, navigation, conservation and management activities

Funding: \$230 million likely to be dedicated to the Operations, Research and Facilities (ORF) discretionary account or ORF offices--National Weather Service, NOAA research, NOAA Satellites, NOAA Fisheries and NOAA Ocean Services

Oversight: National Oceanic and Atmospheric Administration

II. Procurement, Acquisition and Construction

To provide funding for construction and repair of NOAA facilities, ships and equipment to improve weather forecasting and to support satellite development

Funding: \$600 million

Oversight: National Oceanic and Atmospheric Administration

Additional Criteria:

- Up to \$170 million shall address critical gaps in climate modeling and establish climate data records for continuing research into the cause, effects and ways to mitigate climate change

III. Office of Inspector General

To provide funding for oversight

Funding: \$6 million

Oversight: National Oceanic and Atmospheric Administration

Additional Criteria:

- Funds to remain available until September 30, 2013

DEPARTMENT OF JUSTICE

I. Justice Assistance Grant (Byrne)

To provide funding for broad-based public safety prevention, intervention, and suppression activities; law enforcement personnel; equipment and facilities (including crime laboratories); community policing; prosecution and court programs; corrections and community corrections programs; drug treatment and enforcement; planning and evaluation; technology improvements; crime victim and witness programs, etc.

Funding: \$2 billion through formula funding

Oversight: Bureau of Justice Assistance

Eligibility: Local law enforcement agencies, and States

II. Byrne Competitive Grants

To provide funding for broad-based public safety prevention, intervention, and suppression activities; law enforcement personnel; community-policing; prosecution and court programs; corrections and community corrections programs; drug treatment and enforcement; planning and evaluation; technology improvements; crime victim and witness programs, etc.

Funding: \$225 million through competitive grants
Oversight: Bureau of Justice Assistance
Eligibility: Local, State, and Tribal governments, and non-profit organizations
Additional Criteria:
- No use for compensation to victims of crime

III. Community Oriented Policing Services (Hiring Grants)

To provide funding for hiring and rehiring of additional career law enforcement officers

Funding: \$1 billion through competitive grants
Oversight: Office of Community Oriented Policing Services
Eligibility: Local, State, and federally-recognized Tribal governments, and other multi-jurisdictional or regional consortia
Additional Criteria:
- Waivers – applicable to stimulus funding, and Fiscal Year 2009 and Fiscal Year 2010 Appropriations
- Eliminates \$75,000 cap on salary and benefits per officer
- Eliminates 25% local match requirement
- Funds available until September 30, 2010

IV. STOP Violence Against Women

To provide funding for law enforcement, prosecution, and victim services enhancements, such as training public safety and court-related personnel, expanding specialized units, enhancing technology, etc.

Funding: \$175 million through formula funding
Oversight: Office of Violence Against Women

Eligibility: States, with required local and nonprofit sub-allocation percentages for various law enforcement and victim services

V. Transitional Housing Assistance Grants for Victims of Violence Against Women

To provide temporary housing assistance for victims, integrated with supportive services such as case management and counseling, and practical transitional aids (child care, employment, transportation)

Funding: \$50 million through competitive grants

Oversight: Office of Violence Against Women

Eligibility: Local, State, and Tribal governments, and certain qualified nonprofit service providers

VI. Victims Assistance and Compensation

To provide services and compensation (e.g. medical, wages, funeral, cooperation) to victims of criminal violence

Funding: \$100 million through formula funding

Oversight: Office for Victims of Crime

Eligibility: States with an established crime victim compensation program

VII. Internet Crimes Against Children (ICAC) Task Force Program

To enhance responses to offenders who use computer technology to sexually exploit children, including forensic and investigative components, training and technical assistance, victim services, and community education

Funding: \$50 million through either formula funding (likely) or competitive- cooperative agreements

Oversight: Office of Juvenile Justice and Delinquency Prevention

Eligibility: If by formula (likely), States; if competitive, States and local law enforcement or prosecutorial agencies in certain States to be pre-identified by DOJ for solicitation

VIII. Rural Law Enforcement

To provide funding for drug enforcement, drug prevention and treatment, and other law enforcement activities in rural areas

Funding: \$125 million through competitive grants

Oversight: Bureau of Justice Assistance

Eligibility: Local, State, and Tribal governments, and national, regional and local non-profit organizations

Additional Criteria:

- Special Eligible Uses:
 - Police officer hiring
 - Community drug prevention and treatment

IX. Drug Interdiction – Southwest Border / High-Intensity Drug Trafficking Areas

To provide assistance and equipment to local law enforcement along the Southwestern border or in High-Intensity Drug Trafficking Areas to combat criminal narcotic activity

Funding: \$30 million through competitive grants

Oversight: Bureau of Justice Assistance (perhaps Office of National Drug Control Policy)

Eligibility: Local law enforcement

Additional Criteria:

- Bureau of Alcohol, Tobacco, Firearms and Explosives also receives \$10 million for Project Gunrunner, but only for Federal agency activities

X. Tribal Law Enforcement Assistance

To provide funding for renovation and constructing of juvenile and adult prison and rehabilitation facilities, and community-based alternative substance abuse programs to reduce prison populations

Funding: \$225 million through competitive grants, in accordance with Correctional Facilities on Tribal Lands Program

Oversight: Bureau of Justice Assistance, in coordination with the Bureau of Indian Affairs

Eligibility: Federally-recognized Tribal governments

Additional Criteria:

- Consideration for grant approval shall include:
 - Detention bed space needs of the tribe.
 - Violent crime statistics of the tribe.

NATIONAL SCIENCE FOUNDATION

I. Research and Related Activities

To fund research and research facility modernization

Funding: \$2.5 billion of which \$300 million is available solely for the Major Research Instrumentation program and \$200 million is allocated for academic research facilities modernization

Oversight: NSF Director

Special Criteria:

- NSF must submit its spending plan to the House and Senate Appropriations Committees within 60 days of enactment
- Directs that NSF support research divisions and advancements in supercomputing technology

II. Education and Human Resources

To provide additional funding for education and human resources

Funding: \$100 million of which \$60 million is allocated to the Robert Noyce Scholarship Program, \$25 million to Math and Science Partnerships, and \$15 million to Professional Science Master's Programs in grants

Eligibility:

- Robert Noyce Scholarship Program – undergraduate science, technology, engineering, and mathematics (STEM) majors and post-baccalaureate students holding STEM degrees who commit to teaching in high-need K-12 school districts
- Math and Science Partnerships – Higher education institute or consortia and non-profit institute or consortia
- Professional Science Master's Programs – None specified

Additional Criteria:

- NSF must submit its spending plan to the House and Senate Appropriations Committees within 60 days of enactment
- Funding to remain available until September 30, 2010

III. Major Research Equipment and Facilities Construction

To provide additional funding for research equipment and facility construction.

Funding: \$400 million

Additional Criteria:

- NSF must submit its spending plan to the House and Senate Appropriations Committees within 60 days of enactment
- Funding to remain available until September 30, 2010

IV. Office of Inspector General

To provide funding for oversight

Funding: \$2 million

Oversight: None specified

Eligibility: None specified

Additional Criteria:

- NSF must submit its spending plan to the House and Senate Appropriations Committees within 60 days of enactment
- Funding to remain available until September 30, 2013

DEPARTMENT OF DEFENSE

I. Facility Infrastructure Investments

To provide funding for facility sustainment, restoration and modernization associated with maintaining physical structures at Department of Defense posts, camps and stations

Funding: \$4.24 billion (Army: \$1,474,525,000; Navy: \$657,051,000; Marine Corps \$113,865,000; Air Force: \$1,095,959,000; Army Reserve: \$98,269,000; Navy Reserve: \$55,083,000; Marine Corps Reserve: \$39,909,000; Air Force Reserve:

\$13,187,000; Army National Guard: \$266,304,000; Air National Guard: \$25,848,000)

Oversight: Service Installation Commands

Eligibility: Department of Defense facilities

Additional Criteria:

- The Secretary of Defense shall provide a written report to the congressional defense committees within 60 days of enactment with a project listing of how the funds will be obligated
- Funds will remain available for obligation until September 30, 2010
- For facilities in the United States and its territories

II. Energy Efficiency Technology and Research

To provide funding for the funding of research, development, test and evaluation projects, including pilot projects, demonstration projects and energy efficient manufacturing enhancements. Funds are for improvements in energy generation and efficiency, transmission, regulation, storage and for use on military installations and within operational forces, to include research and development of energy from fuel cells, wind, solar, and other renewable energy sources to include biofuels and bioenergy

Funding: \$300 million (Army: \$75,000,000; Navy: \$75,000,000; Air Force: \$75,000,000; Defense Wide: \$75,000,000)

Oversight: Offices of the Assistant Secretaries for Research, Development and Acquisition

Eligibility: Contractors, government laboratories and facilities, universities and nonprofit organizations

Additional Criteria:

- The Secretary of Defense is directed to provide a report to the congressional defense committees detailing the planned use of these funds within 60 day of enactment
- Funds will remain available for obligation until September 30, 2010

III. Defense Health Program

To provide funding for the improvement, repair, and modernization of military medical facilities, and invest in the energy efficiency of military medical facilities

Funding: \$400 million (Army: \$220,000,000; Navy: \$50,000,000; Air Force: \$130,000,000)

Oversight: Office of the Assistant Secretary for Health Affairs

Eligibility: Military medical facilities

Additional Criteria:

- The Secretary of Defense shall provide a written report to the congressional defense committees within 60 days of enactment with a project listing of how the funds will be obligated
- Funds will remain available for obligation until September 30, 2010

ARMY CORPS OF ENGINEERS

I. Army Corps of Engineers- Civil Works: General Investigations

To provide funding for investigations

Funding: \$25 million in discretionary allocations to Corps activities, projects or programs

Oversight: Secretary of the Army

Eligibility: Army Corps, for managed projects, programs and activities normally funded by Energy and Water Appropriations Acts

Additional Criteria:

- Spending limited to projects that can be carried out without new budget authority
- Secretary must report to Congress within 45 days of enactment on the planned allocation, obligation and expenditures in this account
- Secretary is given unlimited reprogramming authority

II. Army Corps of Engineers- Civil Works: Construction General

To provide supplemental funds for Construction projects

Funding: \$2 billion in discretionary allocations to Corps projects

Oversight: Secretary of the Army

Eligibility: Army Corps, for managed projects, programs and activities normally funded by Energy and Water Appropriations Acts

Additional Criteria:

- Not less than \$200 million set aside for water-related environmental infrastructure (Section 219) project assistance

III. Army Corps of Engineers- Civil Works: Operations and Maintenance

To provide supplemental funding for operations and maintenance

Funding: \$2.075 Billion in discretionary allocation by the Secretary of the Army

Oversight: Secretary of the Army

Eligibility: Corps projects, activities and programs normally funded by Energy and Water Appropriations Acts

Additional Criteria:

- Spending limited to projects that can be carried out without new budget authority
- Removes the \$20 million annual cap for spending on levees authorized in the Water Resources Development Act of 2007
- Secretary must report to Congress within 45 days of enactment on the planned allocation, obligation and expenditures in this account and shall submit a quarterly report thereafter
- Secretary is given unlimited reprogramming authority

IV. Army Corps of Engineers- Civil Works: Mississippi River and Tributaries

To provide supplemental funds for the Mississippi River and Tributaries Project

Funding: \$375 million allocated by Congressional designation
Oversight: Secretary of Army/ Mississippi Valley Division RIT
Eligibility: Mississippi River and Tributaries project/Mississippi River Commission

Additional Criteria:

- Spending limited to projects that can be carried out without new budget authority
- For the purposes of this Act, waives portions of existing law that limits total project costs
- Secretary must report to Congress within 45 days of enactment on the planned allocation, obligation and expenditures in this account and shall submit a quarterly report thereafter
- Secretary is given unlimited reprogramming authority

V. Army Corps of Engineers- Civil Works: Regulatory Program

To provide supplemental funding for the regulatory program

Funding: \$25 million in discretionary allocations within the Regulatory Program

Oversight: Secretary of the Army

Eligibility: Army Corps of Engineers

Additional Criteria:

- The Corps evaluates permit applications for essentially all construction activities that occur in the Nation's waters, including wetlands ("404" permit process). The mission of the Corps of Engineers Regulatory Program is to protect the Nation's aquatic resources, while allowing reasonable development through fair, flexible and balanced permit decisions

VI. Army Corps of Engineers-Civil Works: Formerly Utilized Sites Remedial Action Program (FUSRAP)

To provide supplemental funding for FUSRAP projects

Funding: \$100 million in discretionary allocations

Oversight: Secretary of the Army/ FUSRAP Military Programs Team

Eligibility: FUSRAP projects

Additional Criteria:

- There are currently 23 active FUSRAP sites in nine States that are in the program, and none of them pose an immediate threat to human health or the environment. At these sites, remedial action is planned, under way or pending final closeout

- Funds can be spent on Corps FUSRAP projects that can be carried out without new budget authority
- Secretary must report to Congress within 45 days of enactment on the planned allocation, obligation and expenditures in this account and shall submit a quarterly report thereafter

DEPARTMENT OF ENERGY

OFFICE OF ENERGY EFFICIENCY AND RENEWABLE ENERGY (EERE): (\$16.8 billion)

I. Energy Efficiency and Conservation Block Grants

To assist States, local governments, and tribes reduce fossil fuel emissions and total energy use, and improve energy efficiency in the transportation, building, and other appropriate sectors, funding financial incentives, grants for retrofits, transportation conservation, building codes, energy distribution technologies, landfill gas capture, etc.

Funding: \$2.8 billion through formula funding and \$400 million on to be awarded competitively

Oversight: Office of Energy Efficiency and Renewable Energy

Eligibility: States – 28% of formula funding
Eligible Local Governments – 68% of formula funding
Tribes – 2% of formula funding

Additional Criteria:

- Requires the local government allocation be based equally on (1) resident population; (2) daytime populations and factors such as amount of commercial or office space

- DOE may use the most recent and accurate population data available to satisfy determination of eligible units of local governments for formula methodology

II. Weatherization Assistance Program

To install energy efficiency improvements in the homes of low-income families to reduce their energy bills

Funding: \$5 billion through formula funding

Oversight: States, for sub-allocation to local agencies

Eligibility: States and Tribes

Additional Criteria:

- Eligibility for services increased to 200% of poverty, up from 150%
- Costs allowed per housing unit increased to \$6,500 from \$2,500
- Further assistance allowed for units partially weatherized between 1975 and 1994
- Priority allowance given to use of funds for the most cost-effective efficiency activities, such as insulation of attics
- Training and technical assistance funding permitted up to 20% of total appropriation.

III. State Energy Program

To promote energy conservation and reduce rate of energy demand

Funding: \$3.1 billion through formula funding

Oversight: State energy office

Eligibility: As determined by States under existing guidelines

IV. Advanced Battery Manufacturing Grants

To support manufacturing advanced vehicle batteries & components

Funding: \$2 billion through competitive grants

Oversight: Office of Energy Efficiency and Renewable Energy

Eligibility: Manufacturers and others determined eligible by DOE

Additional Criteria:

- DOE must provide facility funding awards to manufacturers of advanced battery systems and vehicle batteries produced in the United States, including advanced lithium ion batteries, hybrid electrical systems, component manufacturers, and software designers
- \$2.5 billion for applied research, development, demonstration and deployment activities, including –
 - \$800 million for projects related to biomass;
 - \$400 million for geothermal projects and activities;
 - \$50 million to support research to increase the efficiency of information and communications technology and improve standards
 - \$400 million for transportation electrification
 - \$300 million for an Alternative Fueled Vehicles Pilot Grant Program
 - \$300 million for the Energy Efficient Appliance Rebate Program and the Energy Star Program

V. Electricity Delivery and Energy Reliability (EDER)

To modernize the nation's electric grid

Funding: \$4.5 billion, of which funds \$100 million are for worker training and \$10 million to implement a smart grid

interoperability framework – funding varies depending on the program

Oversight: Office of Electricity Delivery and Energy Reliability

Eligibility: Varies depending on program

Funding Use: To purchase demand response equipment; to enhance energy infrastructure security and reliability; for energy storage research, development, demonstration and deployment, and facilitate recovery from energy supply disruptions; and for implementation of programs authorized under Title XIII – Smart Grid – of the Energy Independence and Security Act of 2007.

VI. Fossil Energy Research and Development

Funding: \$3.4 billion to include:

- \$1.52 billion for a competitive solicitation for a range of industrial carbon capture and energy efficiency improvement projects, including a small allocation for innovative concepts for beneficial carbon reuse
- \$1 billion for fossil energy research and development programs
- \$800 million for additional amounts for the Clean Coal Power Initiative Round III Funding Opportunity Announcement
- \$50 million for a competitive solicitation for site characterization activities in geologic formations
- \$20 million for geologic training and research grants
- \$10 million for program direction funding

VII. Non-Defense Environmental Cleanup

Funding: \$483 million

VIII. Uranium Enrichment Decontamination and Decommissioning Fund

Funding: \$390 million, of which \$70 million must be made available in accordance with Remedial Action at Active Processing Sites (uranium and thorium) (Title X, Subtitle A of the Energy Policy Act of 1992)

IX. Office of Science

Funding: \$1.6 billion
\$400 million for the Advanced Research Projects Agency – Energy (ARPA-E)

X. Innovative Technology Loan Guarantee Program

To promote use of renewable technology to produce electricity and transportation fuels

Funding: \$6 billion to cover credit subsidy for loan guarantees. Assuming a 10 percent credit subsidy, the provision would support \$60 billion in loan guarantees to be awarded competitively (subject to a maximum of \$500 million per project)

Additional Criteria:

- Construction must commence not later than September 30, 2011 and meet Davis-Bacon prevailing wage requirements

Qualifying projects:

- Renewable energy systems, including incremental hydropower, that generate electricity or thermal energy, and facilities that manufacture related components

XI. Defense Environmental Cleanup

Funding: \$5.127 billion

XII. Western Area Power Administration (WAPA)

Funding: \$10 million in non-reimbursable funds for construction, rehabilitation, operations, and maintenance, including for conservation and renewable resources programs

- Provides for additional, non-reimbursable WAPA staffing levels for \$3.25 billion in borrowing authority as now authorized in a new Title III Section 402 of the Hoover Power Plant Act of 1984 (Public Law 98-381)

XIII. Bonneville Power Authority (BPA)

Funding: Raises the borrowing authority ceiling for BPA by \$3.25 billion

Criteria:

- Up to 0.5 percent of funds may be used for expenses of management and oversight of programs, grants, and activities funded through September 30, 2012 (Section 403)
- Makes technical corrections to the Energy Efficiency and Conservation Block Grants funding allocation (Section 543(a)) of the Energy Independence and Security Act of 2007 (EISA 2007)
- It provides further direction to DOE that the 68 percent allocation of funds to local governments must be split half / half according to alternatives developed in accordance with subsections relative to

(1) populations served and (2) daytime populations and other similar factors, such as commercial or office space

BUREAU OF RECLAMATION

I. Water and Water Related Resources

To provide supplemental funding for water and water related resource activities and projects

Funding: \$1 billion through competitive grants/ allocations by cooperative agreements

Oversight: Bureau of Reclamation/Secretary of Interior

Eligibility: State agencies, municipalities, water districts

Additional Criteria:

- Funding shall be used for elements of projects, programs or activities that can be competed within these funding amounts and not create budgetary obligations in future Fiscal Years

SMALL BUSINESS ADMINISTRATION

I. Surety Bond Guarantees Revolving Fund

To provide funding for the Surety Bond Guarantees Revolving Fund authorized by the Small Business Investment Act of 1958

Funding: \$15 million

II. Business Loans Program Account

To provide funding for the cost of direct loans and guaranteed loans

Funding: \$6 million (direct loans) and \$630 million (guaranteed loans)

Oversight: Small Business Administration

Additional Criteria:

- The funds will remain available until September 30, 2010
- \$375 million of the amount of the cost of guaranteed loans must be for reimbursements, loan subsidies and loan modifications for loans to small business concerns authorized in Section 501
- \$255 million must be for loan subsidies and loan modifications for loans to small business concerns authorized in Section 506

GENERAL SERVICES ADMINISTRATION

I. Federal Building Fund

To carry out the purpose of the Federal Building Fund

Funding: \$5.55 billion, of which not less than:

- \$750 million must be available for Federal buildings and U.S. courthouses
- \$300 million must be available for border stations and land ports of entry
- \$4.5 billion for measures necessary to convert GSA facilities to High Performance Green Buildings

Oversight: General Services Administration

Additional Criteria:

- Not less than \$5 billion of the funds must be obligated by September 30, 2010 and the remainder of the funds must be obligated no later than September 30, 2011
- No more than \$108 million can be spent on rental of space related to leasing of temporary space in connection with the funded projects

- No more than \$127 million can be spent for building operations, administrative costs of completing the funded projects
- No more than \$3 million of the funds can be spent on on-the-job pre-apprenticeship and apprenticeship training programs registered with the Department of Labor for the construction, repair and alteration of Federal buildings
- \$4 million will be transferred to the "Government Wide Policy" for the Office of Federal High-Performance Green Buildings

II. Energy-Efficient Federal Motor Vehicle Fleet Procurement

To provide funding for capital expenditures and necessary expenses of acquiring motor vehicles with higher fuel economy, including hybrid vehicles, electric vehicles and commercially-available plug in hybrid vehicles

Funding: \$300 million

Oversight: General Services Administration

Additional Criteria:

- The funds will remain available until September 30, 2011
- None of the funds can be obligated until the Administrator submits a plan for expenditure of the funds that details the current inventory of the Federal fleet owned by Federal agencies and the strategy to spend the funds to replace a portion of the Federal fleet to the House and Senate Appropriations Committees within 90 days of the enactment of the Act.

DEPARTMENT OF THE TREASURY

I. Community Development Financial Institutions Program

To provide additional capital funding to Community Development Financial Institutions under the FY2009 funding round for use in economic development, business development, and commercial real estate development; affordable housing development and homeownership; and community financial services to underserved communities

Funding: \$100 million to be awarded competitively

Oversight: Community Development Financial Institutions Fund

Eligibility: Certified Community Development Entity or Community Development Financial Institution, per Treasury processes

Additional Criteria:

- Funds remain available until September 30, 2010
- Up to \$8 million may be for financial assistance, technical assistance, training and outreach programs designed to benefit Native American, Native Hawaiian and Alaskan Native communities and provided primarily through qualified community development lender organizations with experience and expertise in community development banking and lending in Indian country, Native American organizations, tribes and tribal organizations and other suitable providers
- Up to \$2 million may be used for administrative expenses

II. Health Insurance Tax Credit Administration

To implement the health insurance tax credit under the TAA Health Coverage Improvement Act of 2009

Funding: \$80 million

Oversight: Department of Treasury

DEPARTMENT OF HOMELAND SECURITY

I. Homeland Security Headquarters

To provide funding for planning, design, construction costs, site security, information technology infrastructure, fixtures, and related costs to consolidate the Department of Homeland Security headquarters

Funding: \$200 million to be awarded discretionally for internal agency purposes

Oversight: Office of the Under Secretary for Management

Eligibility: Department of Homeland Security

II. U.S. Customs and Border Protection – Non-Intrusive Inspection and Tactical Communications

To provide funding for the procurement and deployment of nonintrusive inspection systems and tactical communications equipment and radios

Funding: \$160 million, of which \$100 million for non-intrusive inspection systems and \$60 million for tactical communications equipment and radios

Oversight: U.S. Customs and Border Protection

III. U.S. Customs and Border Protection – Border Security Fencing, Infrastructure and Technology

To provide funding for expedited development and deployment of border security technology on the Southwest border

Funding: \$100 million

Oversight: U.S. Customs and Border Protection

IV. U.S. Customs and Border Protection – CBP Land Points of Entry

To provide funding for planning, management, design, alteration and construction of U.S. Customs and Border Protection owned land border ports of entry

Funding: \$420 million

Oversight: U.S. Customs and Border Protection

V. U.S. Immigration and Customs Enforcement – Modernization of Tactical Communications Equipment and Radios

To provide funding for "Automation Modernization" for the procurement and deployment of tactical communications equipment and radios

Funding: \$20 million

Oversight: U.S. Immigration and Customs Enforcement

VI. Transportation Security Administration – Explosive Detections Equipment

To provide funding for the procurement and installation of checked baggage explosives detection systems and check-point explosives detection equipment

Funding: \$1 billion to be awarded discretionarily, based on review of pending projects and relative risk factors

Oversight: Transportation Security Administration

Eligibility: Airports

Additional Criteria:

- The Transportation Security Administration is required to prioritize the award of the funds to accelerate the installations at locations with completed design plans

VII. Coast Guard – Shore Facilities and Aids to Navigation

To provide funding for shore facilities and aids to navigation facilities; for priority procurements due to materials and labor cost increases; and for costs to repair, renovate, assess or improve vessels

Funding: \$98 million

Oversight: U.S. Coast Guard

VIII. Coast Guard – Alteration/Removal of Bridges

To provide funding for alteration or removal of obstructive bridges, as authorized by Section 6 of the Truman-Hobbs Act

Funding: \$142 million

Oversight: U.S. Coast Guard

Additional Criteria:

- The Coast Guard must award the funds to those bridges that are ready to proceed to construction

IX. Federal Emergency Management Agency – State and Local Programs – Public Transportation and Railroads Security

To provide funding for Public Transportation Security Assistance and Railroad Security Assistance under Sections 1406 and 1513 of the Implementing Recommendations of the 9/11 Commission Act of 2007

Funding: \$150 million to be awarded through grants

Oversight: FEMA

X. Federal Emergency Management Agency – State and Local Programs -
Port Security

To provide funding for the protection of critical port infrastructure from terrorism, including risk management capabilities, domain awareness, training and exercises, and capabilities to prevent, detect, respond to, and recover from attacks involving improvised explosive devices and other non-conventional weapons

Funding: \$150 million to be awarded both discretionarily and competitively
Oversight: FEMA
Eligibility: Specified port area systems, by invitation -- owners and operators of port facilities, port authorities, and consortia of stakeholders

XI. Federal Emergency Management Agency – State and Local Programs –
Firefighter Assistance Grants

To provide funding for modifying, upgrading or constructing non-Federal fire stations

Funding: \$210 million to be awarded through competitive grants
Oversight: FEMA
Additional Criteria:

- Up to 5 percent must be for program administration
- Maximum grant is \$15 million

XII. Federal Emergency Management Agency – Disaster Assistance Direct
Loan Program Account

Notwithstanding Section 417(b) of the Robert T. Stafford Disaster Relief and Emergency Assistance Act, sets forth the following limitations on loans given under the Direct Assistance Direct Loan Program Account:

- The amount of any loan issued for major disasters occurring in calendar year 2008 may exceed \$5 million and may be equal to not more than 50 percent of the annual operating budget of the local government in any case in which that local government has suffered a loss of 25 percent or more in tax revenues

Funding: Unspecified

Oversight: FEMA

XIII. Federal Emergency Management Agency – Emergency Food and Shelter

To carry out the emergency food and shelter program pursuant to Title III of the McKinney-Vento Homeless Assistance Act

Funding: \$100 million

Oversight: FEMA

Additional Criteria:

- The total administrative costs cannot exceed 3.5 percent of the total amount made available

DEPARTMENT OF THE INTERIOR

I. General Provisions

Office of Inspector General Salaries and Expenses of \$10 million to remain available through September 30, 2012

II. Bureau of Land Management (BLM): Management of Lands and Resources

To provide supplemental funding for the management of lands and resources

Funding: \$125 Million to be awarded discretionarily to regional/State BLM offices

Oversight: BLM Director

Eligibility: BLM projects/facilities/activities

Additional Criteria:

- Emphasis on maximizing jobs in the shortest period of time
- Funding for deferred maintenance, rehabilitation, and restoration of facilities, property, trails, and lands and for abandoned mines and wells

III. Bureau of Land Management (BLM): Construction

To provide funding for construction on BLM lands

Funding: \$180 Million to be awarded discretionarily to regional/State BLM

Oversight: BLM Director

Eligibility: BLM facilities

Additional Criteria:

- Emphasis on maximizing jobs in the shortest period of time
- Funding for:
 - Priority road, bridge, trail repair or decommissioning,
 - Critical deferred maintenance projects,
 - Facilities construction and renovation, and for
 - Remediation of abandoned mines and wells and for energy efficient retrofits of existing facilities

IV. Wildland Fire Management

To provide funding for hazardous fuel reduction

Funding: \$15 Million to be awarded discretionarily to regional/State BLM

Oversight: BLM Director

Eligibility: BLM

Additional Criteria:

- Funding for priority hazardous fuels reduction projects on Federal lands

V. United States Fish and Wildlife Service Resource Management

To provide supplemental funding for the management of lands and resources

Funding: \$165 Million in FWS allocations to regional/state offices

Oversight: FWS Director

Eligibility: National Wildlife Refuges, National Fish Hatcheries, and other service properties

Additional Criteria:

- Emphasis on maximizing the largest number of jobs in the shortest period of time.
- Funding for critical deferred maintenance, capital improvement projects, trail maintenance and habitat restoration

VI. United States Fish and Wildlife Service : Construction

To provide supplemental funding for construction

Funding: \$165 Million in FWS allocations to regional/State offices

Oversight: FWS Director

Eligibility: National Wildlife Refuges, National Fish Hatcheries, and other service properties

Additional Criteria:

- Emphasis on maximizing jobs in the shortest period of time
- Funding for:

- Construction, reconstruction, and repair of roads, bridges, property and facilities
- Energy efficient retrofits of existing facilities

VII. National Park Service Operations

To provide funding for deferred maintenance and other critical repair

Funding: \$146 million in NPS allocations to NPS facilities

Oversight: NPS Director

Eligibility: National Parks and NPS facilities

Additional Criteria:

- Emphasis on maximizing jobs in the shortest period of time
- Emphasis on lasting value for the Park Service and its visitors
- Eligible projects to be funded within this account include but are not limited to:
 - Repair and rehabilitation of facilities and other infrastructure
 - Trail maintenance projects
 - Other critical infrastructure needs

VIII. Historic Preservation Fund: Historic Preservation Grants for Historically Black Colleges and Universities

To provide funding for historic preservation grants

Funding: \$15 million in competitive grants

Oversight: NPS/Historic Preservation Fund

Eligibility: Qualified Historically Black Colleges

Additional Criteria:

- Waives matching requirements for these funds

IX. Historic Preservation Fund: Construction

To provide funding for construction funding for NPS facilities

Funding: \$589 Million in NPS discretionary allocation to NPS facilities

Oversight: NPS Director

Eligibility: NPS

Additional Criteria:

- Emphasis on prioritizing projects that maximize jobs in the shortest period of time
- Emphasis on lasting value for the Park Service and its visitors
- Eligible projects to be funded within this account include but are not limited to:
 - Major facility construction
 - Road maintenance
 - Abandoned mine cleanup
 - Equipment replacement
 - Preservation and rehabilitation of historic assets

X. United States Geological Survey: Surveys, Investigations and Research

To authorize a wide variety of activities

Funding: \$140 million in USGS discretionary allocations

Oversight: USGS Director

Eligibility: USGS programs

Additional Criteria:

- Emphasis on maximizing jobs and improving the nation's science capacity
- A wide variety of activities is authorized, including:
 - Repair, construction and restoration of facilities
 - Equipment replacement and upgrades including

- Stream gages
- Seismic and volcano monitoring systems
- National map activities
- Other critical deferred maintenance and improvement projects

XI. Bureau of Indian Affairs: Operation of Indian Programs

To provide funding for workforce training and housing improvement programs

Funding: \$40 million in grants/direct payments

Oversight: BIA/ Tribal governments

Eligibility: Authorized Tribal governments

Additional Criteria:

- Emphasis on maximizing jobs and funding for workforce development and housing programs

XII. Bureau of Indian Affairs: Construction

To provide funding for construction

Funding: \$450 million in grants/direct payments

Oversight: BIA/ Tribal governments

Eligibility: Authorized Tribal governments

Additional Criteria:

- Emphasis on maximizing the largest number of jobs in the shortest period of time.
- Waives prevailing wage requirements in the Act
- Bureau should consider:
 - Priority critical facility improvement and repair
 - School replacement

- School improvement and repair
- Detention center maintenance and repair
- Includes \$10 million for the Indian Guaranteed Loan Program

ENVIRONMENTAL PROTECTION AGENCY

I. Office of the Inspector General

Funding: \$20 million to remain available until September 30, 2012

II. Hazardous Substance Superfund

To provide supplemental funding for Superfund

Funding: \$600 Million in project grants (cooperative agreements)

Oversight: EPA, Office of Superfund Remediation and Technology, Office of Solid Waste and Emergency Response

Eligibility: States (and political subdivisions thereof), Commonwealths, U.S. Territories and Possessions, and Federally recognized Indian Tribal Governments, including intertribal consortia

Additional Criteria:

- Existing Superfund law/eligibility applies

III. Leaking Underground Storage Tank Trust Fund Program

To provide supplemental funding for LUSTTF cleanup activities

Funding: \$600 million in formula grants

Oversight: EPA, Office of Underground Storage Tanks, Office of Solid Waste and Emergency Response

Eligibility: States and Federally recognized Indian Tribal Governments, including intertribal consortia

Additional Criteria:

- Waives applicable matching fund requirements

IV. State and Tribal Assistance Grants: State Revolving Funds

To provide supplemental capital funding for State Revolving Funds

Funding: \$4 billion for Clean Water State Revolving Funds and \$2 Billion for Drinking Water State Revolving Funds in formula grants to States; project grants from each State SRF

Oversight: State Revolving Fund administrators/ EPA Administrator

Eligibility: State Revolving Fund programs

- SRF loans/grants are distributed by each State's SRF to wastewater treatment facilities; local communities, State programs, interstate agencies, and Indian tribes

V. State and Tribal Assistance Grants: Brownfields Projects

To provide supplemental funding for projects authorized by CERCLA

Funding: \$100 million in project grants (cooperative agreements)

Oversight: Office of Brownfields and Land Revitalization, Office of Solid Waste and Emergency Response; Environmental Protection Agency

Eligibility: Indian tribes, State and local governments, quasi-governmental authorities, universities and colleges, industry, and other public and private institutions and individuals

Additional Criteria:

- Waives the 20 percent cost share requirements under CERCLA.

VI. State and Tribal Assistance Grants: Diesel Emission Reduction Act (DERA) Grants

To provide supplemental funding for projects and activities authorized under DERA

Funding: \$300 million in project grants

Oversight: Office of Air and Radiation; Environmental Protection Agency

Eligibility: A regional, State, local or tribal agency or port authority with jurisdiction over transportation or air quality; and a nonprofit organization or institution that represents or provides pollution reduction or educational services to persons or organizations that own or operate diesel fleets; or has, as its principal purpose, the promotion of transportation or air quality are eligible for assistance under this program. City, county, or municipal agencies, school districts, and metropolitan planning organizations (MPOs) that have jurisdiction over transportation or air quality are all eligible entities under this program

Additional Criteria:

- For the purpose of these funds, the Act waives the State Grant and Loan Matching Incentive Provisions in the Diesel Emission Reduction Act

DEPARTMENT OF LABOR

I. Employment and Training Administration – Training and Employment Services

To provide funding for activities under the Workforce Investment Act of 1998 ("WIA")

Funding: \$3.95 billion (outlined in specific programs below)

Oversight: Employment and Training Administration

II. Worker Investment Act: Adult Employment and Training

To provide funding for adult employment and training activities, including supportive services and needs-related payments described in the one-stop delivery system provisions (specifically Section 134(c)(2) and (3)) of WIA

Funding: \$500 million in formula funding

Oversight: Employment and Training Administration

Eligibility: States, with 85% sub-allocation to local Workforce Investment Boards

Additional Criteria:

- Priority use of the funds is for services to individuals on public assistance and other low-income individuals (WIA Section 134(d)(4)(E) of WIA)

III. Workforce Investment Act: Dislocated Worker Grants

To provide funding for employment and training programs for eligible workers who are unemployed through no fault of their own or have received an official layoff notice

Funding: \$1.25 billion in formula funding

Oversight: Employment and Training Administration

Eligibility: States, with 85% sub-allocation to local Workforce Investment Boards

IV. Youth Grants - Workforce Investment Act

To provide funding for youth training and employment activities, including summer employment, occupational skills, counseling, mentoring, supportive services, etc.

Funding: \$1.2 billion in formula funding

Oversight: Employment and Training Administration

Eligibility: States, with 85% sub-allocation to local Workforce Investment Boards

Additional Criteria:

- Age eligibility of youth participants increased from 21 to 24, for this funding only
- Allocation of minimum allotments and minimum or maximum percentages available for youth activities (WIA Section 127(b)(1)(C)(iv)) must be made as if the total amount available for youth activities in the Fiscal Year does not exceed \$1 billion.
- Measure of performance used to assess summer employment program is the work readiness performance indicator -- attainment of basic skills, work readiness, and/or occupational skills (WIA Section 136(b)(2)(A)(ii)(I))
- No standard set-aside for Youth Opportunities Grants

V. Workforce Investment Act: National Emergency Grants

To expand service capacity at the State and local levels in response to significant events that cannot reasonably be expected within the formula-funded program

Funding: \$200 million in discretionary / competitive grants

Oversight: Employment and Training Administration

Eligibility: Designated State WIA organizations; local workforce investment boards

VI. Workforce Investment Act: High-Growth Industry Training and Placement

To provide funding for a program for worker training and placement in high growth and emerging industry sectors

Funding: \$750 million in competitive grants

Oversight: Employment and Training Administration

Eligibility: Likely to be Workforce Investment Boards, and States

Additional Criteria:

- Green Jobs set-aside of \$500 million for careers in the energy efficiency and renewable energy (WIA Section 171(c)(1)(B))
- Priority Employment Training Categories
 - health care
 - broadband deployment
 - advanced manufacturing

VII. YouthBuild

To provide funding for projects to assist high-risk youth (ages 16-24) to complete their high school education and learn housing construction job skills through work on low-income and affordable housing building or rehab

Funding: \$50 million in discretionary funding

Oversight: Employment and Training Administration

Eligibility: Nonprofit organizations

Additional Criteria:

- Allows participation by an individual who has dropped out of high school and reenrolled in an alternative school, if that re-enrollment

is part of a sequential service strategy, for program years 2008 and 2009

VIII. Community Service Employment for Older Americans

To provide funding for community service and work-based subsidized training programs for low-income persons over age 55 (Older Americans Act, Title V)

Funding: \$120 million in formula funding

Oversight: Employment and Training Administration

Eligibility: States and 18 designated national nonprofits, often with subgrants to Area Agencies on Aging or other local implementers

Additional Criteria:

- Allocated within 30 days of enactment to current grantees, in proportion to funding in program year 2008
- Unexpended funds may be recaptured and reobligated

IX. Job Corps

To provide funding for construction, rehabilitation and acquisition of Job Corps Centers, with limited flexibility to use for certain training and operational needs

Funding: \$250 million in discretionary funding for Office of Job Corps activities

Oversight: Employment and Training Administration

Eligibility: Office of Job Corps, for internal priorities

Additional Criteria:

- Allows the Secretary to transfer up to 15% of the funds to meet Job Corps Center operational needs, including training for careers in the

energy efficiency, renewable energy, and environmental protection industries

**X. State Unemployment Insurance and Employment Operations
(Reemployment Services)**

To provide funding for operations of State unemployment insurance and employment operations, including reemployment services

Funding: \$400 million in formula funding, workload-based

Oversight: Employment and Training Administration

Eligibility: States

Additional Criteria:

- Reemployment services set-aside of \$250 million for unemployment insurance claimants, including implementation of the integrated Employment Service and Unemployment Insurance information technology required to identify and serve the needs of the claimants

DEPARTMENT OF HEALTH AND HUMAN SERVICES

I. Health Resources and Services Administration (HRSA)

To improve the infrastructure of community health centers and address shortages in the health care workforce

Funding: \$2.5 billion

Oversight: Secretary of Health and Human Services (HHS Secretary)

Eligibility: Federally Qualified Community Health Centers (FQHCs)

Additional Criteria:

- \$500 million for grants to FQHCs
- \$1.5 billion for grants for construction, renovation, equipment and health information technologies for FQHCs

- \$500 million to address health professions workforce shortages; of which \$75 million is for the National Health Service Corps to provide scholarships, loan repayment, and grants to training programs for equipment
- Within 90 days, Secretary to provide an operational plan of activities and timeline for expenditures

II. National Institutes of Health (NIH) National Center for Research Resources

To repair, renovate or construct extramural research facilities and to acquire shared instrumentation and other research equipment

Funding: \$1.3 billion through competitive grants and awards

Oversight: National Center for Research Resources

Additional Criteria:

- \$1 billion for grants or contracts to construct, renovate or repair existing Federal research facilities
- \$300 million for National Center for Research Resources to provide shared instrumentation and other capital research equipment to recipients of grants and contracts

III. National Institutes of Health (NIH) Office of the Director

To provide funding for specific scientific challenges, new research that expands the scope of ongoing projects, and research on public and international health priorities; and to fund construction and renovation of NIH buildings and facilities

Funding: \$8.7 billion through short-term grants

Oversight: Office of the Director

Additional Criteria:

- \$7.4 billion to be transferred to NIH Institutes and Centers with funds not subject to Small Business Innovation Research and Small Business Technology Transfer set aside requirements
- \$500 million for high priority NIH facility repair, construction, and improvement

IV. Agency for Healthcare Research and Quality (AHRQ)

To facilitate comparative effectiveness research (CER) used to conduct or support research to evaluate and compare the clinical outcomes, effectiveness, risk and benefits of two or more medical treatments and services that address a particular medical condition

Funding: \$1.1 billion; with \$300 million being allocated to AHRQ, \$400 million allocated to NIH, and \$400 million allocated at the discretion of the HHS Secretary

Oversight: AHRQ Director/NIH Director/HHS Secretary

Eligibility: Agencies within HHS; other government agencies; private sector entities with CER experience

V. Office of Inspector General (OIG)

To provide funding for oversight and audit of programs, grants, and projects funded in the Department of Health and Human Services Title of the stimulus

Funding: \$17 million

Additional Criteria:

- These funds will enable OIG to monitor waste, fraud, and abuse associated with health components of the stimulus package funding

VI. Public Health and Social Services Emergency Fund

To improve health information technology security at HHS

Funding: \$50 million

VII. Prevention and Wellness Fund

To fight preventable diseases and conditions with evidence-based strategies

Funding: \$1 billion to be distributed by the HHS Secretary

Oversight: HHS Secretary

Eligibility: Currently unknown; States can receive money to implement healthcare-associated infection reduction strategies

Additional Criteria:

- \$300 million will be transferred to the Centers for Disease Control and Prevention (CDC) to carry out the immunization program
- \$650 million will be used to carry out evidence-based clinical and community-based prevention and wellness strategies that deliver specific, measureable health outcomes and address chronic disease rates; these funds may be transferred to other programs within HHS
- \$50 million for States to implement healthcare-associated infections reduction strategies

VIII. Indian Health Services

To fund tele-health services development and related infrastructure and for facility construction projects, deferred maintenance and improvement projects, sanitation projects, and the purchase of equipment

Funding: \$85 million for health information technology activities and \$415 million for health facilities to be distributed at the discretion of the Director of Indian Health Services

Oversight: Director of the Indian Health Services

IX. Aging Services Programs

To provide nutrition services (congregate and home delivered) to Native Americans

Funding: \$3 million through grants as prescribed under Title VI of the Aging Americans Act of 1965

Oversight: Assistant Secretary for Aging

DEPARTMENT OF EDUCATION

I. Education for the Disadvantaged

To help school districts mitigate the effect of the reduction in local revenues and State support for education

Funding: \$13 billion to be funded by State pass-through formula; by formula or grant to Local Education Authority (LEA) (for distribution during schools years 2009-2010 and 2010-2011)

Oversight: Department of Education; Office of Elementary and Secondary Education

Eligibility: States

II. Title I

To distribute funding to schools and school districts with a high percentage of students from low-income families

Funding: \$10 billion to be funded by State pass-through formula: \$5 billion - targeted formula; \$5 billion - education finance incentive grant formula

Oversight: State education agencies

Eligibility: LEAs with 40 percent or more students from families that qualify as low-income

III. School Improvement

Funding for academic assessment and LEA and school improvement

Funding: \$3 billion through formula grants

Oversight: State education agencies

Eligibility: LEAs

IV. Impact Aid

To provide funding for to undertake emergency renovations and modernization projects

Funding: \$100 million through discretionary grants

Oversight: Office of Elementary and Secondary Education

Eligibility: LEAs that educate federally-connected students of have federally owned land

V. Enhancing Education through Technology

To improve student achievement through the use of technology in elementary and secondary schools

Funding: \$650 million through formula grants

Oversight: Office of Elementary and Secondary Education; School Support and Technology Programs

Eligibility: State education agencies

VI. Education for the Homeless Children and Youth

To ensure that homeless children, including preschoolers and youths, have equal access to free and appropriate public education

Funding: \$70 million through formula grants

Oversight: Office of Elementary and Secondary Education; Student Achievement and School Accountability Programs

Eligibility: State education agencies

Additional Criteria:

- Funds available during school years 2009-2010 and 2010-2011
- Each State will receive a grant that is proportionate to the number of homeless students identified as such during the 2007-2008 school year relative to the number of homeless children nationally during the same year
- States will award subgrants to LEAs on a competitive basis, or using a formula based on the number of homeless students identified in each school district in the State

VII. Teacher Incentive Fund (TIF)

To develop and implement performance-based teacher and principal compensation systems in high-need schools that consider gains in student academic achievement as well as classroom evaluations conducted multiple times during each school year among other factors and provide educators with incentive to take on additional responsibilities and leadership

Funding: \$200 million through Discretionary grants

Oversight: Office of Elementary and Secondary Education; Academic Improvement and Teacher Quality Programs

Eligibility: Local education agencies, nonprofit organizations, other

organizations and/or agencies, State education agencies

VIII. Individuals with Disabilities Act Part B, Section 611

To assist States to provide special education and related services to eligible students with disabilities ages 3 through 21 who are enrolled in special education programs

Funding: \$11.3 billion through grants to States (pass-through to LEAs) based on the number of children with disabilities in the State who are receiving special education and related services

Oversight: Office of Special Education Programs

Eligibility: States

IX. Individuals with Disabilities Act Part B, Section 619 (Preschool Grants)

To assist States to provide special education and related services to children with disabilities aged 3 through 5 and, at the State's discretion, to 2-year old children with disabilities who will turn 3 during the school year

Funding: \$400 million through grants to States (pass-through to LEAs) based on population, including consideration for the number of children living in poverty

Oversight: Office of Special Education Programs

Eligibility: States

X. Individuals with Disabilities Act Part C

To assist States to maintain and implement a statewide, comprehensive, coordinated, multidisciplinary, interagency system to provide early intervention services for infants and toddlers with disabilities and their families

Funding: \$500 million through grants to States
Oversight: Office of Special Education Programs
Eligibility: States

XI. Rehabilitation Services and Disability Research Vocational Rehabilitation State Grants

To assist States to support a wide range of services designed to help individuals with disabilities prepare for and engage in gainful employment

Funding: \$540 million through formula grants
Oversight: Office of Special Education and Rehabilitative Services;
Rehabilitation Services Administration
Eligibility: States

XII. Independent Living Programs – State Grants

To support projects that provide independent living services, directly or through grant or contract, and demonstrate ways to expand and improve them

Funding: \$18.2 million through formula grants
Oversight: Office of Special Education and Rehabilitative Services;
Rehabilitation Services Administration
Eligibility: States

XIII. Independent Living Programs – Independent Living Centers

To support the planning, conduct, administration, and evaluation of centers for independent living

Funding: \$87.5 million through discretionary/competitive grants
Oversight: Office of Special Education and Rehabilitative Services;

Rehabilitation Services Administration

Eligibility: Nonprofit organizations

XIV. Services for Older Blind Individuals

To support services for individuals age 55 or older whose severe visual impairment makes competitive employment difficult to obtain but for whom independent living goals are feasible

Funding: \$34.3 million through formula grants

Oversight: Office of Special Education and Rehabilitative Services;
Rehabilitation Services Administration

Eligibility: State vocational rehabilitation (VR) agencies serving individuals who are blind

XV. Student Financial Assistance - Pell Grants

To provide need-based grants to low-income undergraduate and certain post-baccalaureate students to promote access to post-secondary education

Funding: \$15.64 billion through grants

Oversight: Office of Federal Student Aid

Eligibility: Undergraduate and vocational students enrolled or accepted for enrollment in participating schools

XVI. Federal Work Study

To provides funds that are earned through part-time employment to assist students in financing the costs of postsecondary education

Funding: \$18.2 million through formula grants

Oversight: Office of Federal Student Aid

Eligibility: Institutions of higher education may apply for an allocation of funds to be awarded to undergraduate, vocational, and graduate students enrolled or accepted for enrollment at participating schools

XVII. Student Aid Administration

To provide funding for administration of the Pell Grant, work study, and the direct loan program, which provide grants and loans to help students pay for education after high school

Funding: \$60 million

XVIII. Higher Education – Teacher Quality Enhancement

To improve teacher recruitment, preparation, and support to reduce shortages of qualified teachers in high-need school districts

Funding: \$100 million through discretionary/competitive grants

Oversight: Office of Postsecondary Education

Eligibility: State Grants: State education agencies
Partnership and recruitment grants: institutions of higher education, local education agencies

XIX. Institute of Education Sciences

For statewide data systems that include postsecondary and workforce information

Funding: \$250,000,000 through discretionary/competitive grants

Oversight: Office of Postsecondary Education

Eligibility: States

XX. Office of Inspector General

To provide funding for salaries and expenses necessary for oversight and audit of the programs, grants, and projects funding in this Act

Funding: \$14 million

XXI. State Fiscal Stabilization Fund

To provide fiscal relieve to the States to prevent tax increases and cutback in critical education and other services

Funding: \$53.6 billion - state population allocation;
Competitive Incentive Grants and Innovation Fund awards (\$5 billion); 0.5 percent set-aside for outlying areas

Oversight: Department of Education, Office of the Secretary

Eligibility: States

XXII. State Allocations

To restore State aid to elementary, secondary, and higher education

Funding: Approximately \$48 billion by population allocation (61 percent based on relative population of individuals aged 5 through 24; 39 percent based on relative total population)

Oversight: Department of Education, Office of the Secretary

Eligibility: States

XXIII. State Incentive Grants

To re-award States that have made significant progress in achieving equity in teacher distribution, establishing a longitudinal data system, and enhancing assessments for English language learners and students with disabilities

Funding: Approximately \$4.3 billion for Fiscal Year 2010 through discretionary grants

Oversight: Department of Education, Office of the Secretary

Eligibility: States

XXIV. Innovation Fund

To provide funding for academic achievement awards to recognize schools that have made achievement gains to allow them to expand their work, to work in partnership with the private sector, and to identify and document best practices

Funding: Up to \$650 million through discretionary grants

Oversight: Department of Education, Office of the Secretary

Eligibility: School districts or partnerships between nonprofit organizations and State educational agencies, school districts, or one or more schools

DEPARTMENT OF VETERANS AFFAIRS

I. Medical Facilities

To provide funding for non-recurring maintenance, including energy projects at Department of Veterans Affairs medical facilities

Funding: \$1 billion to be awarded discretionarily

Oversight: Veterans Health Administration

Eligibility: Department of Veterans Affairs medical facilities

II. National Cemetery Administration

To provide funding for monument and memorial repairs, including energy projects

Funding: \$50 million to be awarded discretionarily

Oversight: National Cemetery Administration

Eligibility: Any State may apply

III. Departmental Administration

To provide funding for additional expenses related to hiring and training processors to handle the surge in disability claims

Funding: \$150 million to be awarded discretionarily

Oversight: Veterans Benefits Administration

Eligibility: Companies with employment placement and training expertise

IV. Information Technology Systems

To provide funding for information technology systems

Funding: \$50 million to be awarded discretionarily

Oversight: Veterans Benefits Administration

Eligibility: Information Technology companies

V. Grants for Construction of State Extended Care Facilities

To provide funding for grants to assist States in acquiring or constructing State nursing home and domiciliary facilities and to remodel, modify or alter existing hospital, nursing home and domiciliary facilities in State homes, for furnishing care to veterans

Funding: \$150 million to be awarded discretionarily

Oversight: Veterans Health Administration
Eligibility: Any State may apply after assuring that the assisted facility will be owned by the State; and will be used primarily for veterans

DEPARTMENT OF TRANSPORTATION

I. General Provisions

Funding: Appropriates \$20 million to the Office of Inspector General, to remain available through September 30, 2013, to conduct audits and investigations of projects and activities carried out with funds made available in this Act

- Not later than 30 days after enactment each Governor shall certify that the State will maintain its State funding effort and submit a statement to the Secretary identifying the amount of funds the State planned to expend as of the date of enactment through September 30, 2010 for the types of projects funded by this appropriation

II. Supplemental Discretionary Grants for a National Surface Transportation System

To provide funding for projects of national or regional significance

Funding: \$1.5 billion to be awarded both discretionarily and through competitive grants

Oversight: Secretary of Transportation

Eligibility: States, local governments, transit agencies

Federal Aviation Administration (FAA)

III. Facilities and Equipment

To provide supplemental funding for facilities and equipment

Funding: \$200 million through competitive awards and grants

Oversight: FAA

Eligibility: Airports and private entities

Additional Criteria:

- Federal share 100 percent
- FAA Administrator shall establish grant award procedures within 60 days
- \$50 million to upgrade FAA power systems
- \$50 million to modernize en route air traffic control centers
- \$80 million to replace air traffic control towers and TRACONs
- \$20 million to install airport lighting, navigation and landing equipment

IV. Grants-in-Aid for Airports

To provide funding for eligible airport improvements and procurement, installation and commissioning of runway incursion devices and systems

Funding: \$1.1 billion through discretionary Grants

Oversight: FAA

Eligibility: Airports

Federal Highway Administration (FHWA)

V. Highway Infrastructure Investment States and MPOs

To provide funding for restoration, repair, construction, other activities eligible under the Surface Transportation Program (STP), passenger and freight rail and port infrastructure projects eligible for innovative financing

Funding: \$27.5 billion – 50% apportioned to States under STP formula; 50% apportioned using FY2008 obligation ratio

Oversight: State DOTs, MPOs, U.S. DOT/FHWA

Eligibility: State Departments of Transportation (DOTs) and Metropolitan Planning Organizations (MPOs)

Additional Criteria:

Up to \$840 million in funding set aside:

- 105 million for Puerto Rico highways
- \$45 million for territorial highways
- \$60 million for construction of ferry boats and ferry terminal facilities*
- \$550 million for Indian reservations and Federal lands including \$310 million for the Indian Reservation Roads program*
- \$20 million for On the Job Training programs
- \$20 million for Disadvantaged Business Enterprise Bonding Assistance
- Up to \$40 million for Administrative oversight

VI. Highway Infrastructure Investment: Ferry Boats and Ferry Terminal Facilities

To provide funding for capital expenditures for ferry boats and terminal facilities

Funding: \$60 million through competitive discretionary grants

Oversight: DOT/FHWA

Eligibility: State DOTs

VII. Highway Infrastructure Investment: Federal Lands Highways

To provide funding for transportation investments on Indian Reservations and Federal Lands

Funding: \$550 million through Federal formula funding

Oversight: Tribes; Federal agencies

Eligibility: Tribes, direct Federal

Additional Criteria:

- \$310 million for Indian Reservation Roads (formula program administered by FHWA and BIA)
- \$170 million for Park Roads and Parkways (administered by FHWA and National Park Service)
- \$60 million for Forest Highways (jointly administered by FHWA and U.S. Forest Service)
- \$10 million for Refuge Roads (jointly administered by FHWA and U.S. Fish and Wildlife Service)

Federal Railroad Administration (FRA)

VIII. Capital Assistance for High Speed Rail Corridors and Intercity Passenger Rail Service

To provide funding for intercity and high speed passenger rail capital projects

Funding: \$8 billion through discretionary grants

Oversight: DOT/FRA

Eligibility: States

Federal Transit Administration (FTA)

IX. Capital Assistance for Transit

To provide capital assistance for transit

Funding: \$6.9 billion through formula apportionments

Oversight: Designated recipients, DOT/FTA

Eligibility: Designated recipients – generally transit agencies, State DOTs

X. Fixed Guideway Infrastructure Investment

To provide funding to modernize or improve existing fixed guideway systems

Funding: \$750 million to be apportioned under fixed guideway formula

Eligibility: Public bodies, generally transit authorities or State DOTs

XI. Capital Investment Grants

To provide supplemental grants for New Starts and Small Starts

Funding: \$750 million through discretionary grants

Oversight: DOT/FTA

Eligibility: Public bodies, generally transit authorities or State DOTs

Maritime Administration

XII. Assistance to Small Shipyards

To provide supplemental grants for assistance to qualified shipyards

Funding: \$100 million to awarded through grants

Oversight: Maritime Administration (MarAd)

Eligibility: Qualified shipyards

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

I. Public Housing Capital Fund

To provide funding for development, financing, modernization of public housing

Funding: \$4 billion through formula funding-- \$3 billion (Fiscal Year 2008 inputs) Competitive -- \$1 billion

Oversight: Public and Indian Housing / Office of Capital Improvements

Eligibility: Public Housing Agencies (PHAs)

II. Native American Housing Block Grants

To develop or support rental or ownership housing or provide housing services to benefit low-income Indian families on Indian reservations and other Indian areas

Funding: \$510 million through formula funding -- \$255 million (Fiscal Year 2008 inputs) Competitive -- \$255 million

Oversight: HUD Office of Public and Indian Housing

Eligibility: Recognized Indian tribes and Alaska Native villages; Native Hawaiian discretionary set-aside allowed for up to 2 percent of funds

III. Community Development Block Grant (CDBG)

To provide funding for standard allowable CDBG activities meeting low-income benefit requirements, including but not limited to – property acquisition; code enforcement; clearance/rehab/reconstruction/construction of buildings; public and social services (15 percent limit); planning and capacity building; development activities through nonprofits; economic development assistance; relocation; technical assistance; housing services and homeownership assistance

Funding: \$1 billion through formula funding

Oversight: HUD Office of Community Planning and Development

Eligibility: Entitlement Communities having received funding in FY2008

IV. Neighborhood Stabilization Program (NSP)

To provide funding to for purchase, rehabilitation, and re-occupancy of foreclosed homes, including financing mechanisms, and allowing land banking and demolition.

Funding: \$2 billion to be awarded competitively

Oversight: HUD Office of Community Planning and Development
Local governments, States, and non-profits (or consortia of nonprofits, which may partner with for-profit entities)

V. HOME Investment Partnerships – Modified for Low-Income Housing Tax Credit

To provide capital investments in low-income housing tax credit projects

Funding: \$2.25 billion to be awarded competitively (after initial formula allocation to States, based on Fiscal Year 2008 HOME apportionment)

Oversight: State housing credit agencies

Eligibility: Affordable housing developers of qualified projects that, within a certain timeframe, received or simultaneously receive a Low Income Housing Tax Credit (LIHTC)

VI. Emergency Shelter Grants (ESG)

To provide funding for foreclosure prevention and re-housing; case management and social services; renovation, major rehabilitation, or conversion of buildings for use as emergency shelters or transitional housing; shelter operating costs; and related activities

Funding: \$1.5 billion through formula funding

Oversight: HUD Office of Community Planning and Development

Eligibility: States, large cities, urban counties, and territories as regularly designated ESG recipients pursuant to the McKinney-Vento Act

VII. Energy Retrofits and Greening Projects for Federally-Assisted Housing

To provide funding for energy improvements to housing assisted under the Section 8, Section 202 (Elderly), and Section 811 (Disabled) programs supplemented with \$2 billion in same account, to provide full-year payments to participating landlords

Funding: \$250 million through competitive grants and loans

Oversight: HUD Office of Affordable Housing Preservation

Eligibility: Private and non-profit organizations participating in Section 8, Section 202, and Section 811 programs

VIII. Lead Hazard Reduction Program – Healthy Homes Initiative, Lead-Based Paint Hazard Control Grant, Lead Hazard Reduction Demonstration, Operation Lead Elimination Action Program, etc.

To provide funding to abate lead-based hazards in eligible privately owned rental or owner-occupied housing, with various targeting factors by program

Funding: \$100 million through competitive grants and cooperative agreements

Oversight: HUD Office of Healthy Homes and Lead Hazard Control

Eligibility: Local governments, States, housing authorities, Tribes, institutions of higher education, for-profit firms (not allowed to profit from activity), depending on program

Health Information Technology

IX. Office of the National Coordinator for Health Information Technology (ONCHIT)

To oversee the development and implementation of a nationwide health information technology (HIT) infrastructure

Funding: \$2 billion through various competitive grants (however \$2 billion is not exclusively for grants)

Oversight: Office of the National Coordinator for Health Information Technology

Eligibility: Varies by specific grants

X. HIT Policy Committee

To make policy recommendations to ONCHIT relating to implementation of a nationwide health information technology infrastructure

Funding: Funded through the ONCHIT

XI. HIT Standards Committee

To recommend standards, implementation specifications, and certification criteria for the electronic exchange and use of health IT

Funding: Funded through ONCHIT

XII. Pilot Testing Through the National Institute for Standards and Technology NIST

To coordinate with the HIT Standards Committee to test standards and support the establishment of a voluntary testing program by accredited testing laboratories

Funding: Funded through the ONCHIT

Eligibility: Non-Federal laboratories

XIII. Health Care Information Enterprise Integration Research Centers

To establish multidisciplinary Centers for Health Care Information Enterprise Integration to generate innovative approaches to health care information enterprise integration by conducting cutting-edge, multidisciplinary research on the system challenges to health care delivery, and develop and use of health information technologies and other complementary fields

Funding: Funded through ONCHIT through competitive grants

Oversight: Director of NIST

Eligibility: Higher education institutions or consortiums

XIV. Immediate Funding to Strengthen HIT Infrastructure

To invest in the infrastructure necessary to allow for and promote the electronic exchange and use of health information for each individual in the United States

Funding: To be determined, appropriation of such sums as is necessary
Specific Allocation Method to be determined. The Secretary shall invest funds through the different HHS agencies with relevant expertise

Oversight: ONCHIT, HRSA, AHRQ, CMS, CDC, HIS

Eligibility: To be determined by the specific agencies

Additional Criteria:

- These funds shall be used to support: (1) HIT architecture for nationwide electronic exchange and use of health information; (2) development and adoption of appropriate certified EHRs; (3) training and dissemination of information on best practices to integrate HIT, including EHR, into providers' delivery of care; (4) infrastructure and tools for the promotion of telemedicine; (5)

promotion of interoperability of clinical data repositories or registries; (6) promotion of technologies and best practices to enhance the protection of health information; and (7) improvement and expansion public health departments' use of HIT

XV. HIT Implementation Assistance- HIT Regional Extension Centers

To provide regional technical assistance and disseminate best practices to support and accelerate efforts to adopt, implement, and effectively utilize HIT

Funding: Still to be determined - HHS Secretary to publish a draft description of the program and the procedures for application

Oversight: HHS Secretary

Eligibility: U.S.-based nonprofit institution or organization

XVI. State Planning and Implementation Grants to Promote HIT

To facilitate and expand the electronic movement and use of health information among organizations according to nationally recognized standards

Funding: To be determined – awarded through competitive grants

Oversight: HHS Secretary acting through ONCHIT

Eligibility: States and qualified State-designated entities

XVII. Competitive Grants to State and Indian Tribes for the Development of Loan Programs to Facilitate Widespread Adoption of Certified EHR Technology

To facilitate and expand electronic health information exchange through loan programs for health care providers to purchase certified EHR

technology, train personnel in using such technology, and improve the secure electronic exchange of health information

Funding: To be determined – awarded through competitive grants
Oversight: ONCHIT
Eligibility: States and Indian Tribes

XVIII. Demonstration Program to Integrate Information Technology into Clinical Education

To develop academic curricula integrating certified EHR technology in the clinical education of health professionals

Funding: To be determined – awarded through competitive grants
Oversight: HHS Secretary
Eligibility: Schools of medicine, osteopathic medicine, dentistry, or pharmacy, graduate programs in behavioral or mental health, or any other graduate health professions school, a graduate school of nursing or physician assistant studies, a consortium of schools, or an institute with a graduate medical education program in medicine, osteopathic medicine, dentistry, pharmacy, nursing, or physician assistance studies

XIX. Information Technology Professionals in Health Care

To provide assistance to higher education institutions or consortia to establish or expand medical health information education programs to ensure rapid and effective utilization and development of HIT

Funding: To be determined – awarded through grants
Oversight: HHS Secretary in consultation with Director of the National Science Foundation

Eligibility: Higher education institutions and consortia

XX. Electronic Health Records Incentives for Eligible Professionals

To encourage adoption and meaningful continued

Funding: While new funds are not appropriated, CBO estimates the total cost of all EHR incentives (under Medicare and Medicaid) at \$17 billion for hospitals and physicians - additional payments made through physician fee schedule

Oversight: HHS Secretary

Eligibility: Eligible professionals who meet the definition of "meaningful use" of EHRs

XXI. Electronic Health Records Incentives for Eligible Acute Care Hospitals

To encourage adoption and meaningful continued use of EHRs

Funding: While new funds are not appropriated, CBO estimates the total cost of all EHR incentives (under Medicare and Medicaid) at \$17 billion for hospitals and physicians - additional payments made through the hospital prospective payment schedule

Oversight: HHS Secretary

Eligibility: Eligible Hospitals that meet the standard for "meaningful use"
